with the 2022 version organised by the victors from 2018
Steve & Fiona Cumbers*

Suitable for the whole family and any vehicle

*Regs and entry form will be available on the website
(www.scon.co.uk)*

*Starting from Horringer Sports & Social Club, Horringer
IP29 5SA (155 / 825¾ 621)*

*Finishing at The Cadogan, Ingham
IP31 1NG (155 / 855½ 708)*

What is a Navigational Scatter?

It's a bit like a DIY 12 Car, start control, finish control, 3-hour time limit, a list of points to visit, a simple Treasure Hunt type clue to be answered at each point, make up your own route to get from the start to the finish within the time limit, points scored for correct answers, points deducted for being late at the finish

Can I do it?

The only navigational skill required is the ability to find your way to a map feature (church, PH, telephone box etc) in a kilometre grid square on a 1:50000 OS Landranger Map

What is a Kilometre Grid Square?

An area of the map covering 1 square kilometre defined by the area to the right and above the intersection of the blue numbers along the bottom of the map and the blue numbers up the side of the map

What do I need?

Car (anything goes, if It is taxed and insured), OS Landranger Map(s), Pencils, Watch
